Setpoint Technologies Inc is an innovative supplier, offering process control solutions and calibration services, including pump system design and fabrication.

OSECO - High Performance Rupture Discs, Panels and Sensors

Marwin - High Performance Manual & Automated Ball Valves

Hex Valve - Specialty Instrument Valves

Swiss Fluid - Highly Engineered Lined Valves

Sure Seal - Resilient and Metal Seated High Performance Butterfly Valves

Sure Flow - Knifegate Valves, Strainers, Ball Valves & Check Valves

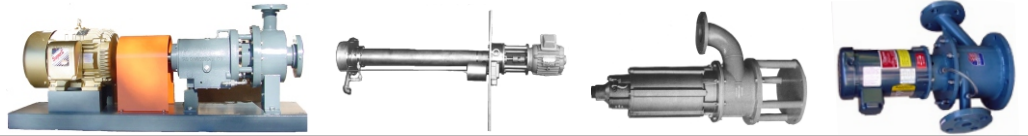

Jefferson - Complete Line of Industrial Solenoid Valves

- * Equipment Supply
- * Custom Valve Actuation
- * PLC Programming
- * Pump Skid Design/Fabrication - B31.1 and B31.3 piping codes
- * Pump Repair
- * Calibration Service
- * Safety Valve Repair TSSA#05800

R.S. Corcoran - Corrosion Resistant Pumps - All Configurations

Pulsafeeder - Electronic Metering Pumps & Controls

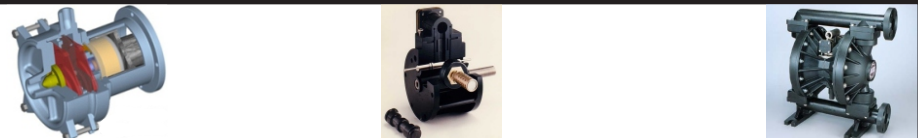

PULSAFEEDER

Oberdorfer - High Quality Dependable Pumps

Price Pump - Mag Drive & Air Operated Pumps

Quest - Tec Solutions - Liquid Level Gages, Magnetic Level Gages & Illuminators

Watson McDaniel - Industrial Steam Traps, Pressure & Temp Regulators, Control Valves

Marsh Bellofram - I/P, E/P Transducers, Air Regulators, Press/Vac/Temp Gauges, Relays

AIC - Heat Exchangers: Shell & Coil and Plate & Frame

SmartMeasurement - Flow Meters: Magnetic, Thermal, Turbine, DP, Ultrasonic, Vortex
